

SEESG

Systems Engineering Study Group

The Systems Engineering Study Group meets at University College of Southeast Norway, Kongsberg, Norway. The objective of the meetings is to exchange experience between people who are interested in Systems Engineering or who have the intend to become a Systems Engineer. The SESG discusses one theme per meeting, the subjects are one of many SE aspects. We have two to three meetings per year.

The SESG would like to invite you to the next meeting at Krona classroom 2228, University College of Southeast Norway, Wednesday 15th February 2017, 2pm to 5pm.

Topic: "How can you improve the state of practice of systems engineering in your company?"

Description: In the workshop Reflective Practice "How to apply systems engineering in practice?" students provide a varying degree of application of systems engineering in practice. Partners of NISE recognize the potential of systems engineering for their companies. However, students tend to report that introduction of more systems engineering in practice is not easy. In this session, we asked a number of speakers from small and large companies to reflect on their current practice, needs, and expectations for systems engineering

Agenda and presenters:

14:00-14:10 - Welcome and introduction.

14:10-15:00 - Presenters:

Roar Elias Georgsen (Aiwell)

Lars Meskestad (Kongsberg Maritime)

John Mulholland (Blue Ocean Robotics)

15:00-15:15 - Break.

15:15-17:00 - Discussions in groups, wrap-up and closing.
