Abstract

Workshops can be an effective means to share and accelerate team activities such as product specification, design or business strategy.

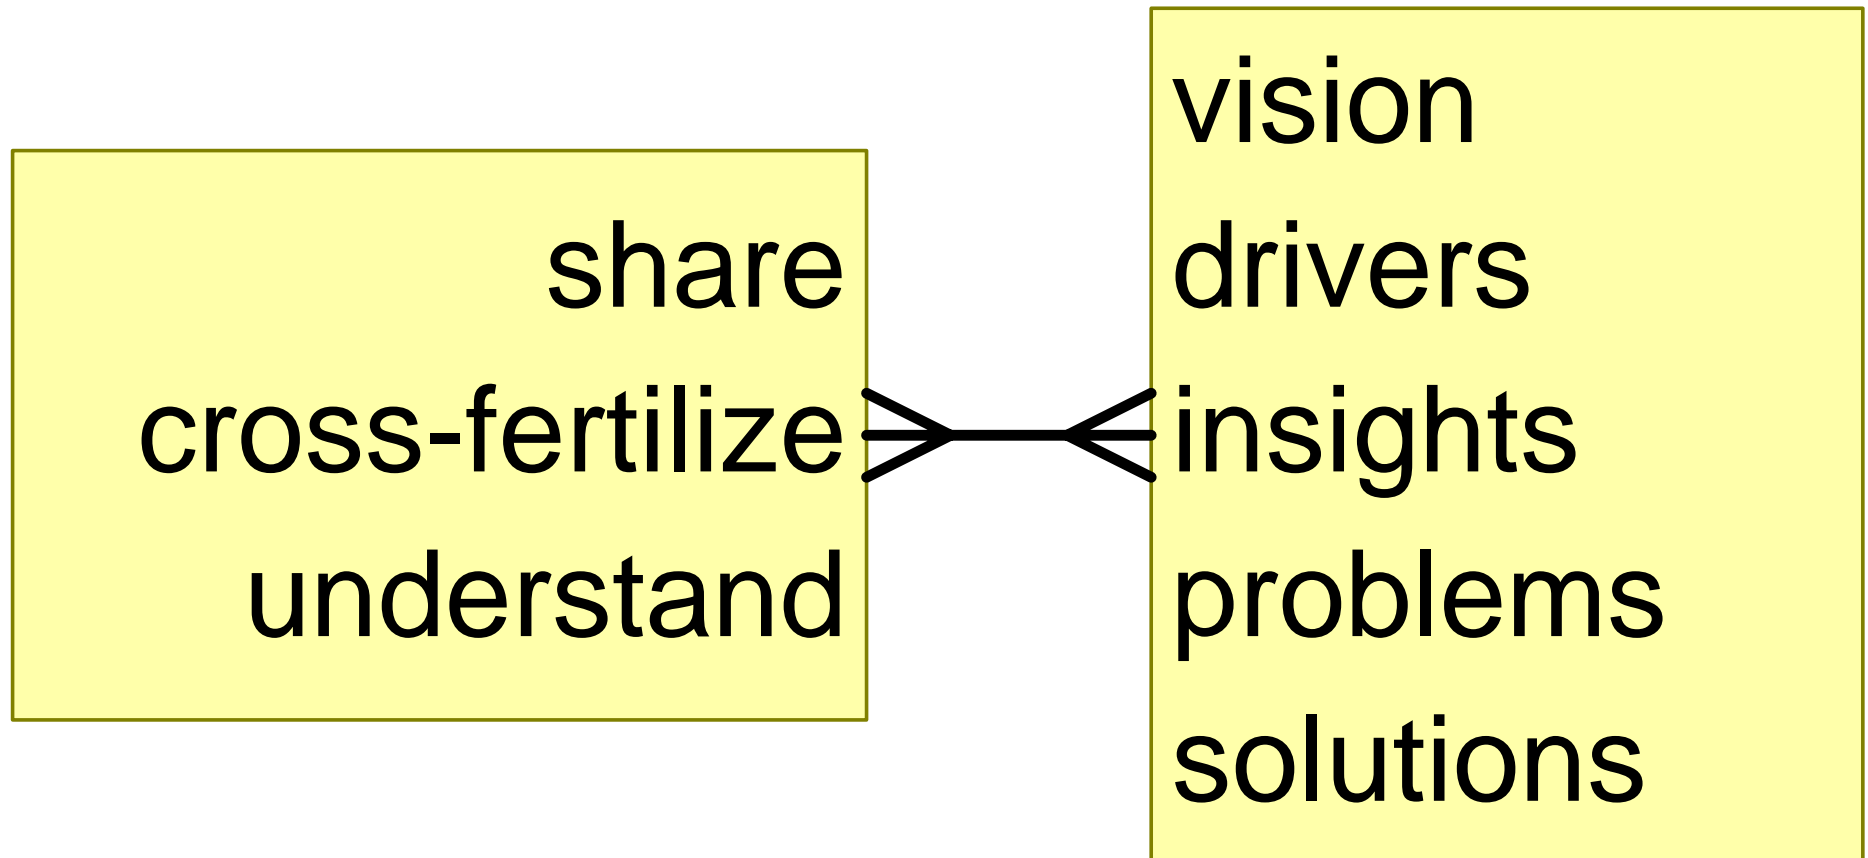

Distribution

This article or presentation is written as part of the Gaudí project. The Gaudí project philosophy is to improve by obtaining frequent feedback. Frequent feedback is pursued by an open creation process. This document is published as intermediate or nearly mature version to get feedback. Further distribution is allowed as long as the document remains complete and unchanged.

Purpose of a Workshop

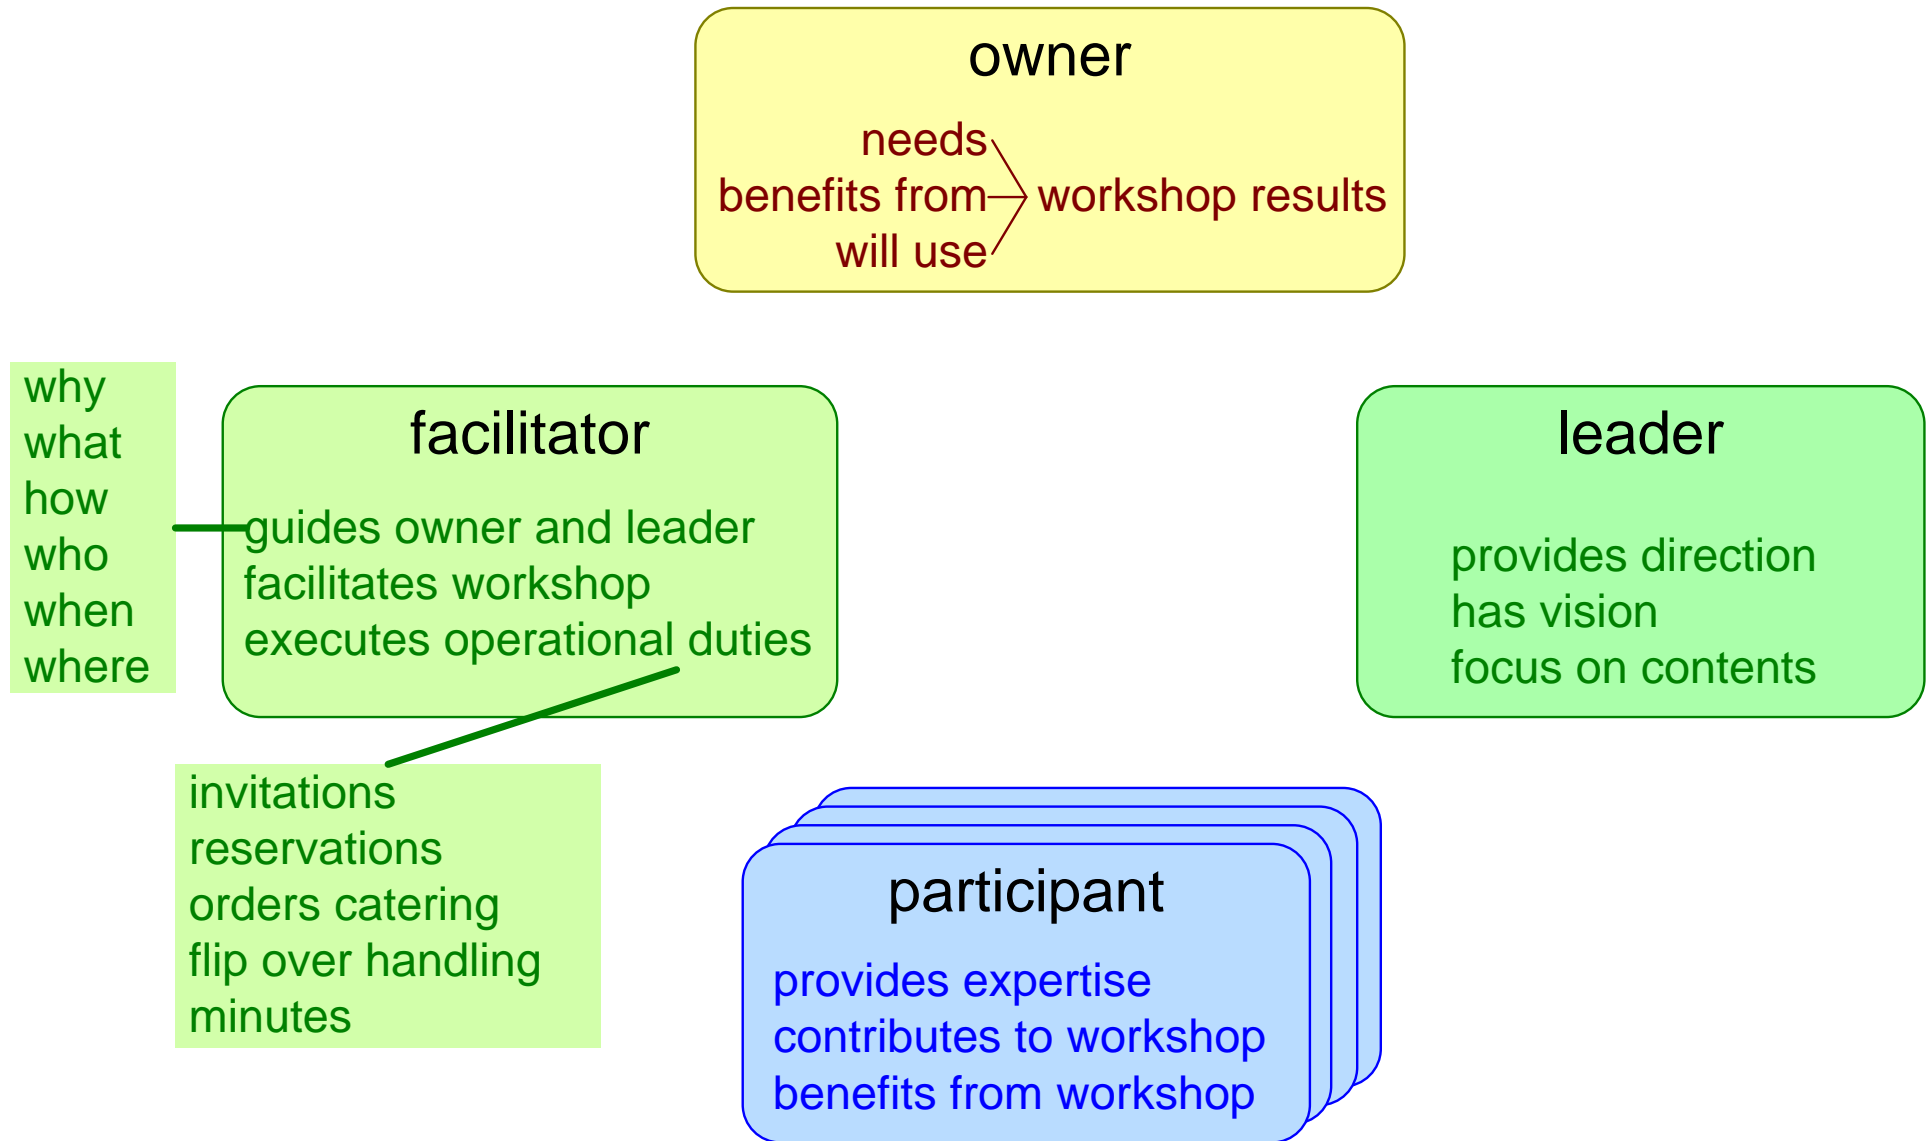

Example Subjects

strategy	customer needs	integration	review strategy business specification design architecture
roadmap	specifications	logistics	alignment organization suppliers sites disciplines partners
synergy	design	life-cycle	
research needs	research potential	application prototyping	

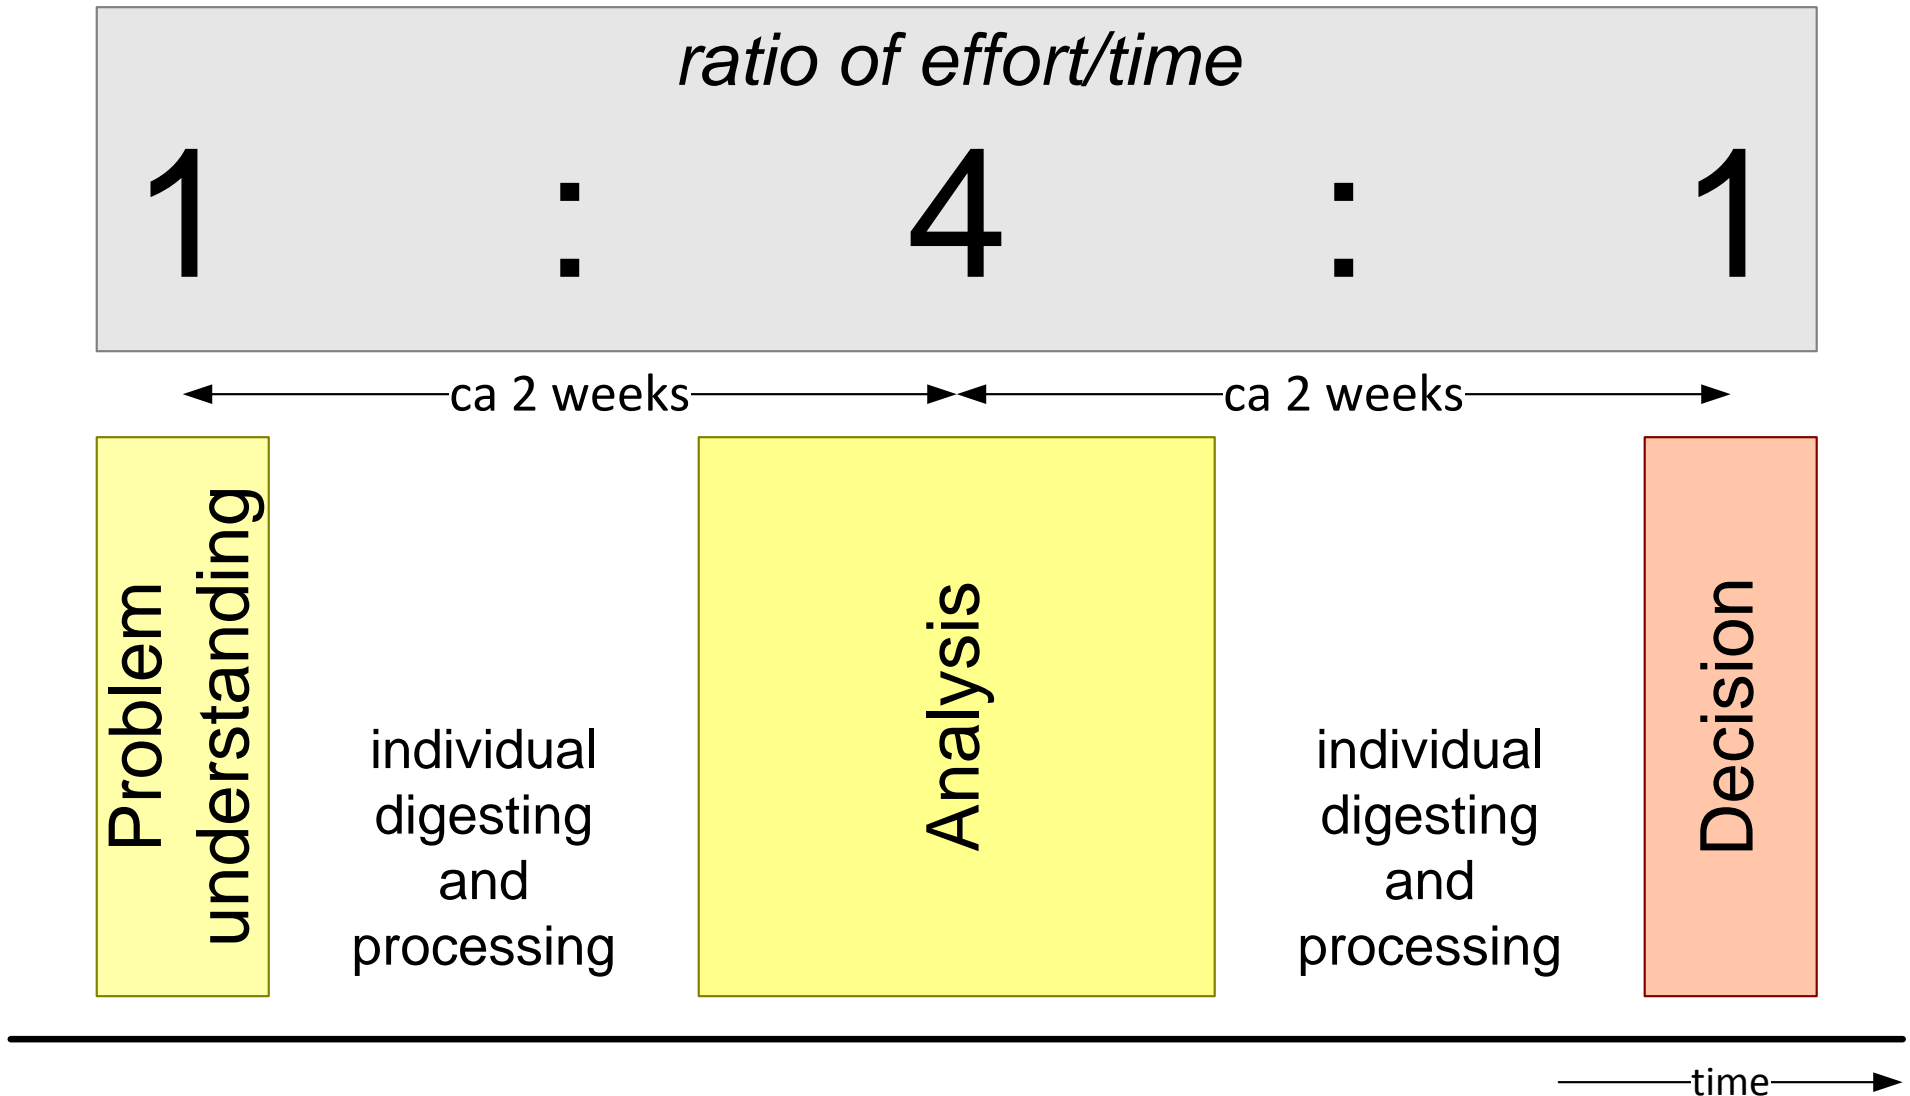

Workshop timeline

Roles

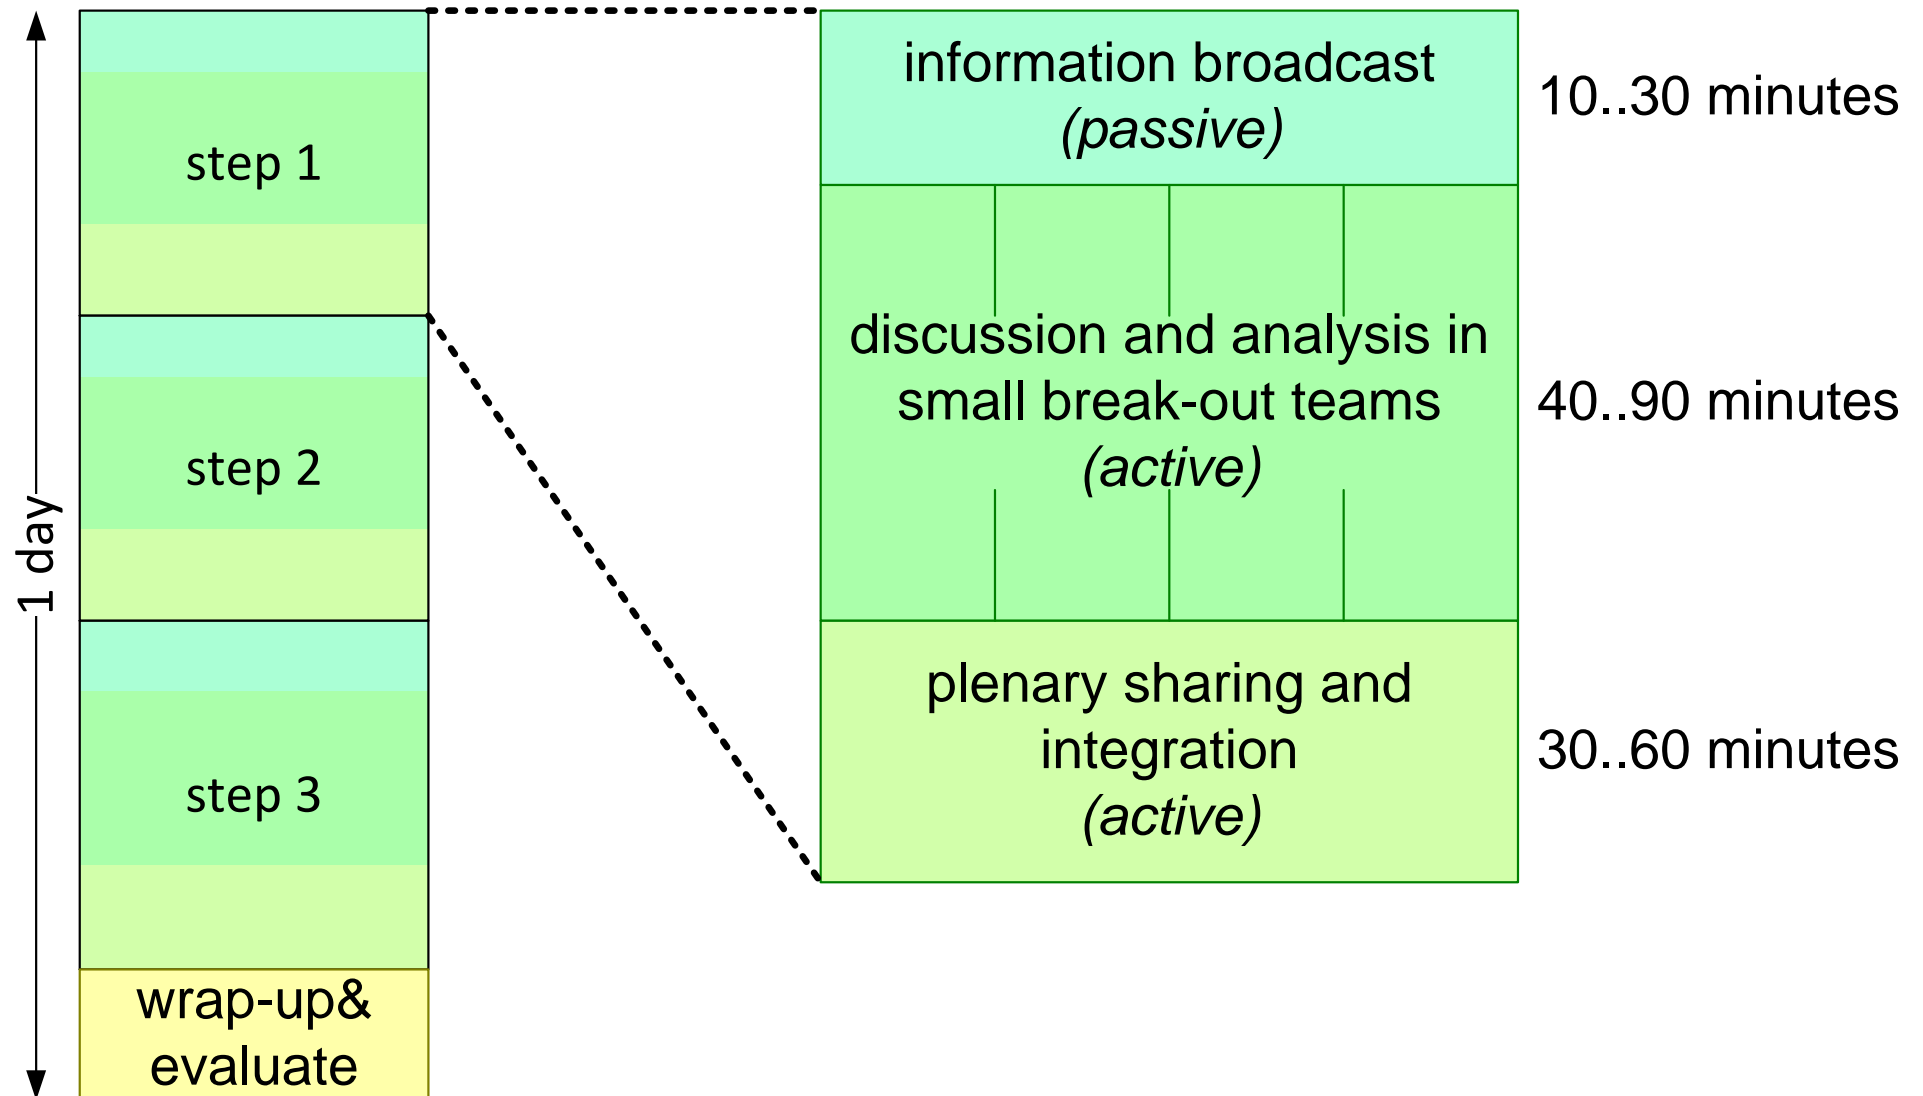

Sequence of Workshops

Most Subject Progress Outside Workshop

Example of Active Workshop Format

Formulate Seed Question(s)

pose compact and open question(s)
avoid bias by question formulation
provide focus

What are the top five design issues?

Illustrate every design issue with 2 specific examples.
avoid generic motherhood statements
stimulate specific discussions via examples

Start with 5 minutes individual preparation
enable every individual
prevent too early narrowness

Media

low-tech
means can be
very effective

brown
paper

yellow
notes

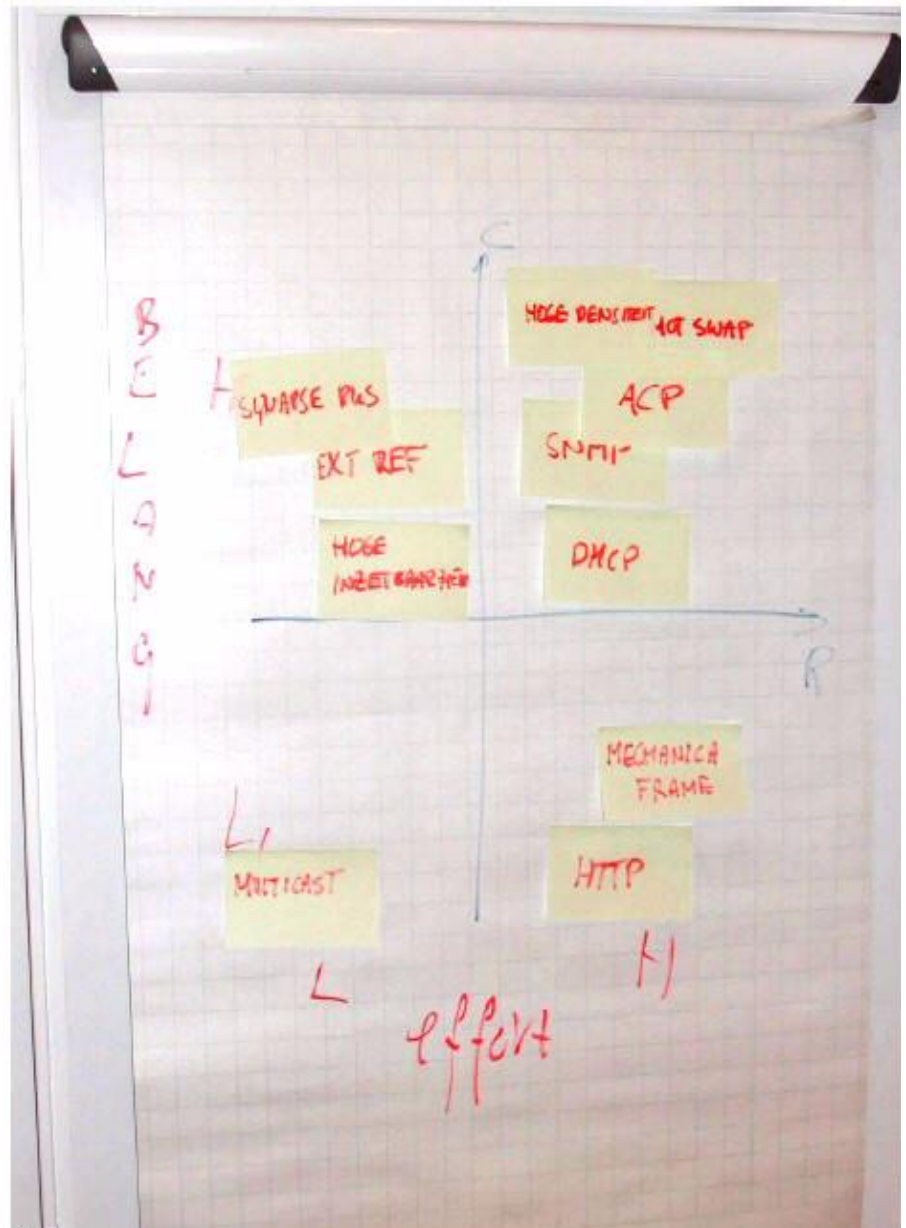

flip
over

tape

use high-tech
when
appropriate

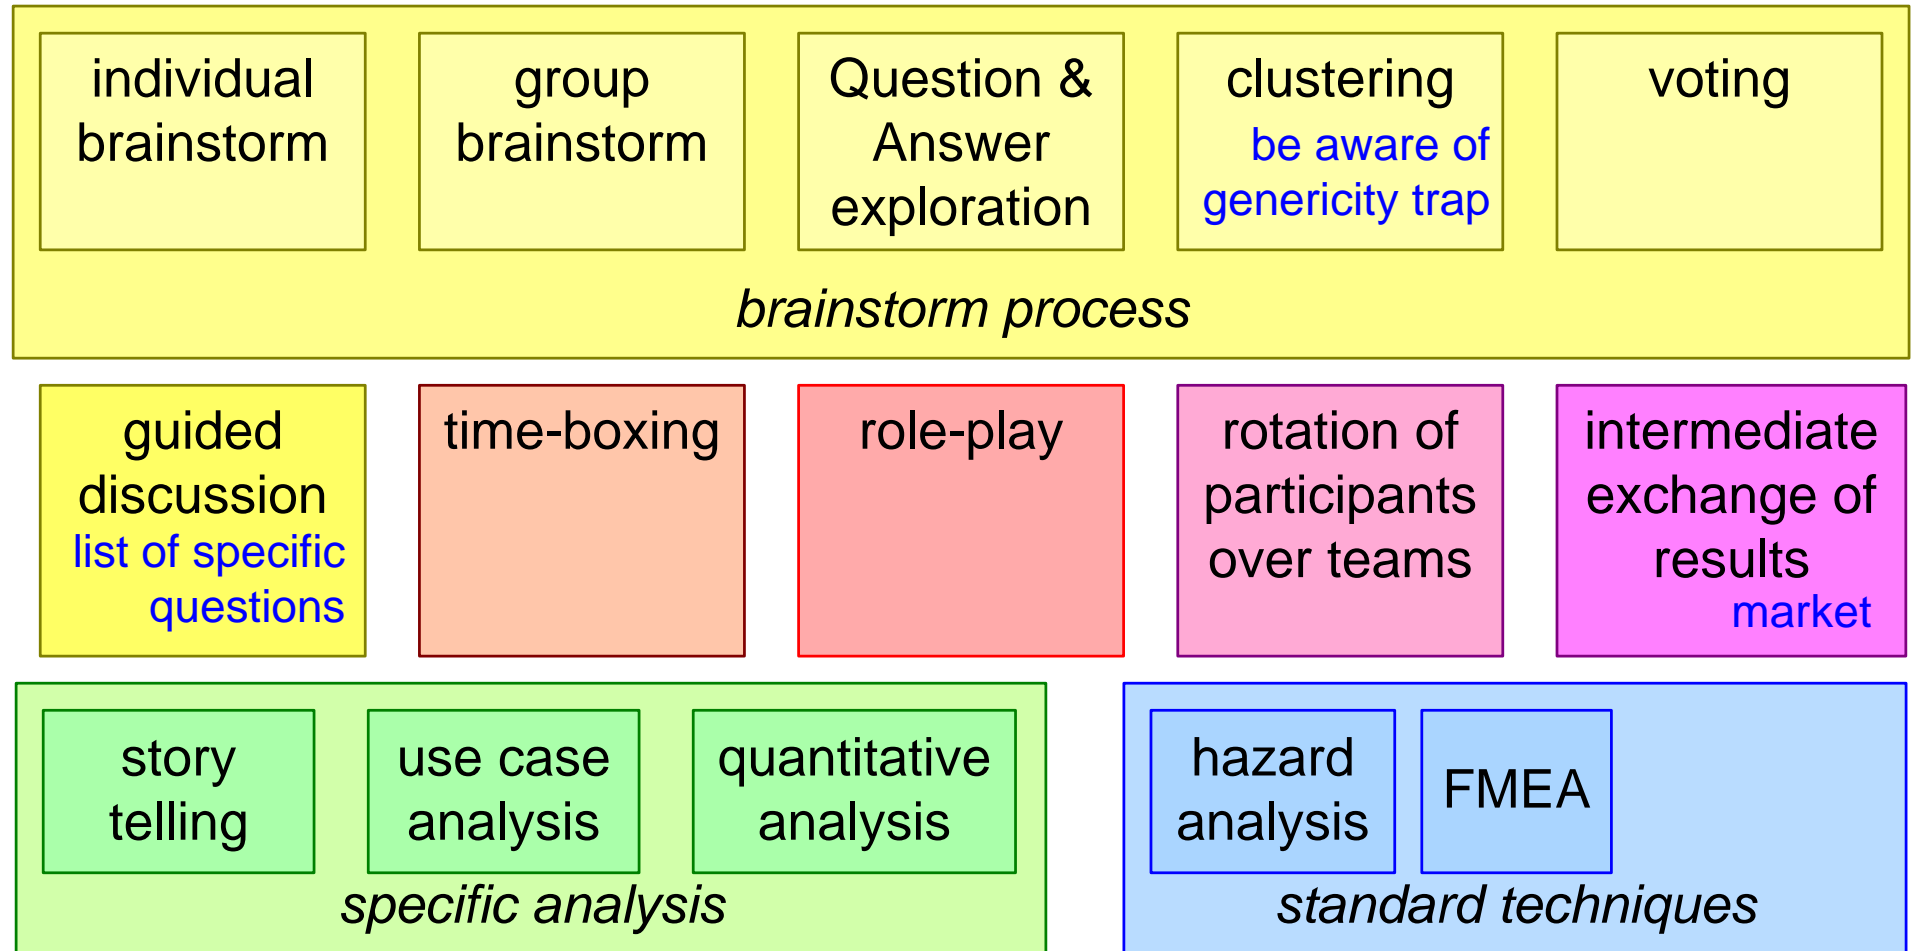

excel

power
point

Use Techniques in a Creative Way

mix and match of techniques is possible

N.B. the value is in the discussion and the interaction, not in the outcome

short summary and conclusions (leader or facilitator)

don't repeat discussions

follow-up (leader or facilitator)

who, what, when

evaluation; ask for balanced feedback (facilitator)

for instance benefits & concerns
plenary or individual on yellow notes

Carefully select Participants

	minimize the number of participants time needed ~ # participants
individual contribution	knowledge skills, experience function or role
interpersonal relations	political, social psychological
availability	full-time during workshop vs workshop timing vs workshop effectiveness

Rules During the Workshop

constructive attitude (no head seeking missiles)

allow contribution by all (also the more quiet persons)

no cellphones

no laptop (except for workshop related application)

full-time presence

Venue Requirements

break-out rooms

open seating formation
sufficient walking space
ask for a room for $2 * \text{\#participants}$

plenary area

Secret Workshop Success Factors

active

>70% of the time active
short intro, short broadcasts

focused

clear scope and goal
format

well-prepared

timely invitation
seed presentations
seed questions

involved participants

full-time present
no cellphone
no e-mail
