

# Air Quality in Municipality Best

by *Gerrit Muller* USN-SE

e-mail: `gaudisite@gmail.com`

`www.gaudisite.nl`

## **Abstract**

The foundation Best Duurzaam ("sustainable") and the municipality run a project to monitor the air quality in Best. Air Quality is important for human health. EU mandates air quality standards, while the WHO promotes even more strict standards. Ventilation is essential for a good in-house air quality.

### **Distribution**

This article or presentation is written as part of the Gaudí project. The Gaudí project philosophy is to improve by obtaining frequent feedback. Frequent feedback is pursued by an open creation process. This document is published as intermediate or nearly mature version to get feedback. Further distribution is allowed as long as the document remains complete and unchanged.
