Abstract

Frameworks offer structure to look at and better understand the aspects these frameworks address. Frameworks provide a frame for understanding. They are by definition simplified conceptualizations; its users have to use them with care.

Distribution

This article or presentation is written as part of the Gaudí project. The Gaudí project philosophy is to improve by obtaining frequent feedback. Frequent feedback is pursued by an open creation process. This document is published as intermediate or nearly mature version to get feedback. Further distribution is allowed as long as the document remains complete and unchanged.
